For all awards, nominations must be submitted via SharePoint to the University Graduate School. Nominations must come from a department or school. Student self-nominations will not be accepted.
Application/Nomination Process

Students must submit their applications and required materials to their school/department. Please refer students to our website, [http://www.graduate.indiana.edu/admissions/financial-support/fellowships-awards/index.shtml](http://www.graduate.indiana.edu/admissions/financial-support/fellowships-awards/index.shtml), to access the award/fellowship applications.

All schools/departments have their own internal student application deadline for each award/fellowship competition. The University Graduate School deadlines are for schools/departments ONLY.

The school/department is responsible for reviewing the applications received and making the determination if they wish to nominate the candidate for the award. It's the school/departments responsibility to make sure all required material has been received and included in the nomination.

Nominations must be submitted through SharePoint by the school/department. To submit a nomination, log onto SharePoint: [https://www.sharepoint.iu.edu/sites/UGSAwardsAndFellowships/default.aspx](https://www.sharepoint.iu.edu/sites/UGSAwardsAndFellowships/default.aspx). Step by step instructions can be found on our website and in the Resources tab on the SharePoint site.

Schools/Departments are responsible for contacting the candidates that have applied, but were not chosen for nomination.

To be added or removed from the UGS Awards and Fellowships SharePoint site, requests must be sent by email to ugsawrd@indiana.edu. Requests must include the user name and department.
